## First Taste of Winter Felt In District Today

Dismissing all doubts that winter is not here, the westerner deluged the district with a light fall of snow this afternoon. The snow melted almost immediately upon touching the ground. At times of going to press, there is no sign of a let-up in the cloudy weather, and further snow or rainfalls are very likely.

The typical fall weather of warm days and cool nights seemed to be ideal for sportsmen, but the proverbial cold blasts of Jack Frost developed into small moisture saturated flakes of cold snow. The blanching of the trees, the lack of flowers and the withering of decayed leaves point the desolate scene of winter. It's nearly time to build up the furnace fire, drag out those comfortable slippers, fast off the easy chair, and proceed to catch up on a little summer's reading.

## Here and There

### IRROQUES TO DOCK TODAY

The U. S. liner, Irroques, neared dock today under heavy convoy, following a warning from the German Admiral that the ship was to be sunk.

### DEFENCE BROADCASTS

A series of weekly broadcasts by the Department of Defence on the work of Canada's fighting forces has been announced by Prime Minister King. Hon. Norman Rogers, Defence Minister, will inaugurate the series some time next week.

### TRAIN OFFICERS IN CALGARY

Enrollment into the Canadian Officers' Training Course, Calgary, has been amplified to include men holding degrees from any recognized university in the United States, Great Britain or Canada. The course is open to men between the ages of 18 and 45 years, who have a degree in their credit from some U.S. University.

### RUSSIAN AID

A correspondent in the London Times says that Russia's aim in the Baltic is to curb Germany. He suggests possible German aggression. For this reason, Estonia, Latvia and Lithuania believe Moscow will interfere with their sovereign rights for government or economic systems. Stalin has already pledged himself in a Moscow statement to "mutual respect for different forms of govt. system."

### PRODUCTION FIGURES

The Alberta petroleum and natural gas conservation board announced Wednesday the daily allowable production for the six major oil fields in the province is 26,000 barrels of oil and an increase of 800 barrels daily. The new figures went into effect yesterday.

### SUGAR BEET PRODUCTION

While the wholesale and retail trade studied the sugar price situation, Southern Alberta sugar beet growers are going right ahead with the harvest of their crop. It is said that 100,000 tons of beets have already been dug out of an estimated 275,000 ton crop.

### PUBLISHERS MEET

A very successful convention of Alberta Publishers and Newspapermen was concluded in Edmonton Saturday afternoon last, Oct. 21st. Approximately 70 Alberta Weeklies were represented at the two day discussion. Outstanding speakers were Mayor Percy of Edmonton, Sam Freedman of the Edmonton Bulletin, Donald Cameron of the University of Alberta, Mr. Brockington, director of the Canadian Broadcasting Corporation. Officers elected to carry out the aims of the Alberta Division of the Canadian Weekly Newspaper Association include Harry J. Ford, publisher of the "Lacombe Globe," President; H. L. King of the "Calgary Herald," Vice-President; L. D'Albanson of the "Charlton Chronicle," 2nd Vice-President; T. H. McCrear of the "Hinton Herald," 3rd Vice-President; and executive members, A. R. Bink, Leduc Representative; G. C. Duncan, Drumheller Mail; C. A. Clark, H. H. Hines, Time; Fred Carr, Bassano Recorder; and Gordon Neale, of the Post Record, Fort Saskatchewan.

## Conduct Voluntary Registration of Canadian Women

MRS. HARVEY SMITH, BASSANO, IN CHARGE OF REGISTRATION IN LOCAL DISTRICT

What the Voluntary Registration of Canadian Women (V.R.C.W.) is trying to do is simply to unite the efforts of all women's organizations throughout the country—a sort of clearing house for them. The women of Canada feel that they must give as much constructive help as they can in the Empire's present crisis. Lost effort and duplication of effort should be avoided. The V.R.C.W. has conceived a plan whereby the women of Canada themselves through their developed organizations could voluntarily take a mass survey of what women are capable of doing to help in the national emergency—peace or war. It is merely a record of her capabilities as well as her willingness to serve.

It will be the business of the V.R.C.W. to bring women who want to help to places where their service is needed to know where workers are, in a sudden emergency, women do not desire to sign the questionnaire if it is not necessary. The registrars will fill in the form if requested to do so.

A chairman has been appointed for each province. The Alberta Chairman is Mrs. Margaret Lewis, Calgary. The local chairman is Mrs. S. J. Shupard, of Calgary. These executive officers will travel throughout the country towns and districts in touch with women's organizations and co-operate with them in arranging registration booths in the various communities.

Mrs. Harvey Smith has been chosen as chairman in the Bassano District and offices will probably be opened shortly for registration.

### The Questionnaire

To every man there came from time to time periods of national distress, caused by various untoward circumstances such as earthquakes, floods, torridities, crop failures, fires, fires, grave economic depressions, epidemics, war, etc. That the Canadian women may be in a position to serve their nation at a short notice in any of the above calamities, it has been thought well that they should band themselves together in a voluntary scheme of registration, so that already prepared, they would be able to render intelligent and efficient service, with this in mind, and in an endeavor to find how many Canadian women would be willing and able to take British and refugee children into their homes, you are asked kindly to fill in the following questionnaire and to assist by answering the same.

1. Name—(Surname, given name, husband's name).
2. Address—(Home, business).
3. Telephone—(Home, business).
4. Are you a British Subject? Place of birth.
5. Married, single, or widow. Age group—(16-18, 18-25, 25-40, 40-50, 50-65).
6. Occupation. Religion.
7. Are you employed? If employed, how long?
8. Where educated—(public, high, technical school, university).
9. If children, how many under the age of 16 years?
10. Could you take children or adults into your home temporarily? Now or in an emergency? How many? Free or for payment?
11. What sex, race or religion would you prefer?
12. Are you willing to have your home inspected and visited for this purpose? If so, by whom?
13. (a) Is your English normal; "with dialect" without dialect? (b) Is your heart normal? (c) Can you be active on your feet for six hours daily?
14. Have you been occupied (a) in business? (b) in organizations (specify particulars).
15. What experience or training have you had in managing or organizing holiday or other camps, or recreational groups or public institutions?
16. What experience or training have you had in catering, buying, or preparing food in large quantities? Have you qualifications or technical training have you? For example, air.

## Keep Date Of Firemen's Dance In Mind - - Oct. 20th

Chapman's Orchestra To Supply Snappy Dance Music IN AID OF RED CROSS

Calling all Bassano and District Citizens to the Masque Hall on Friday evening, October 20th, for the Firemen's Red Cross Dance. It's a dancing pleasure and recreation "A-lot" the public want, they will have when Chapman's Medicine Hat orchestra begins swinging the latest hits of the month at 9:00 o'clock in the evening stage.

Forseeing their own financial crisis in preference to the Red Cross, the Firemen are doing all in their power to assist the dancing public. A good time. The youthful firemen, to the most conservative of the middle-aged populace will be welcome, and the music that these men require will be given in the finest of rhythm procurable.

Devoid of the time art of "swing and sway" will welcome the enormous engagement of the Medicine Hat band that served their wants so admirably in the past on June 9th at the rink building.

Shortly after midnight the hoos of empty digestive tracts will be adequately cared for, when the "Chapman's" will be on hand to furnish the hand of faithful waiters will serve lunch.

Should you, Mr. and Mrs. John G. Public find yourself in the class of non-dancers, aid the Society with your purchase of a ticket—procureable from any member of the local Volunteer Fire Brigade. These men have spent and will be spending, much effort, without asking credit, to aid that essential war-time Society.

So let's make it a date for the Place—Masque Hall. Time—2:00 p.m. Sharp. Orchestra—Chapman's 6-Piece Medicine Hat band.

### Admission—see person, lunch free.

## CONFIRMATION SERVICES HERE SUN., OCT. 22nd

BISHOP SHERMAN OF CALGARY TO OFFICIATE

The Bishop of Calgary, the Right Reverend L. Ralph Sherman, has arranged to officiate at a Confirmation Service in the Local Church of England, on Sunday, October 22nd, at 11 o'clock in the morning. This is a very solemn and interesting service and all Anglicans in this district are urged to attend. Visitors are cordially invited to attend the service. It is several years since there has been a Confirmation Service held at this point and it is sincerely hoped that a large congregation will be on hand to greet the Bishop on this occasion.

## Chicken Supper October 26th

The Ladies' Aid of Knox Presbyterian Church, east citizens of Bassano and district to keep the date of their annual Chicken Supper on Thursday evening, October 26th. The supper will be held at the local hall. The ladies in the L.O.O.F. Hall at 8 o'clock in the evening. Your generous support and patronage would be appreciated. About two weeks from tonight.

## Track Meet To Be Held Here Fri.

Brooks, Rosemary and Bassano Schools to take part in Athletic Games

At least three schools will be entered in the track meet to be held in Bassano, Friday, October 27th. Participating schools will be Brooks, Rosemary and Bassano. The local weather conditions have greatly hindered training, though most entrants seem to be in good shape. The fall track meet forms the elimination for participation in the Red Cross Inter-scholastic Track and Field Association meet held in the spring. A plan is under way to bring the most rural schools in the E. 1. D. Division into the meet.

## GIRL GUIDES REALIZE BIG FROM TURKEY RAFFLE SATURDAY.

The Local Girl Guide Group realized the sum of \$14.55 from the sale of tickets on a turkey raffle off at the local hall, Saturday. The sum will be turned over to the local branch of the Red Cross Society to assist them in carrying out their work.

The Turkey was donated to the girls by Mrs. F. Mead of Bassano, and was won by Mr. Aubrey Evans, also of Bassano.

The Guides express sincere thanks to Mrs. Mead for the donation, and to the purchasers of tickets, who made the draw such a success.

## LATHOM NOTES

Miss Mary Lathom was a caller Wednesday afternoon at the Methew home.

Mrs. L. Halverson returned from Husar where she visited for a few days this past week.

Mrs. A. Taisson spent Friday at the Lathom home.

Threshing is practically all completed in this district now.

Mrs. E. H. Methew was a caller Monday, Thanksgiving Day, at the home of her parents.

The hard frost last week cooked anything left in the garden, but most of the garden had been harvested.

Joe Louie, Apparently the Two-Ton Beerbarrel slugging display didn't warrant a return match with the champion of the district.

## Regular Meeting Hospital Board

SIXTY-FOUR PATIENTS TREATED IN HOSPITAL DURING MONTH OF SEPTEMBER

The regular monthly meeting of the Hospital Board was held at the hospital on Saturday evening, October 7th. Mr. Percy Powell was the only member absent from the meeting.

Accounts totalling \$1,347.76 were passed for payment. The Superintendent reported that during the month of September, 54 patients had been treated; eleven operations had been performed; there were no deaths in the hospital during the month, and that six babies had been born (four girls and two boys).

The Secretary's report showed that the earnings for the month of September were \$17,761.72, and that \$46.25 had been collected on patients' accounts both current and past due. It was decided to vote that the next regular meeting of the Board will be held at two o'clock in the afternoon of November 4th.

## Students Find English Interesting

The Recorder's weekly comment on school subjects focuses this week on the English course. The English teacher, Mr. English, is not definitely the most essential course taught; would be foolish as no other subject plays such a great part in later life. The habit of reading, writing and oral speaking must be founded on practical work within the walls of our schools so that the student will be equipped to fill his or her place in society, possessing the ability to converse freely with intellectual people.

Formerly the course provided for an assimilation of straight literary facts of authors and poems.

The tendency now is to encourage students to supplementary reading and more oral work.

In Grade XIII, such works as "Pearl Buck's Earth", "Dumas' Black Tulip", "House of Seven Gables" are among the ten titles that these students must peruse. There is also concentrated study on two plays, one poetry and one prose book. Simultaneously, all grades have been given increased supplementary reading.

The Composition Course favors the creative writing, as poetry, journaling, short sketches and those fields that tax the imaginative powers of the students.

The trend brings the work of modern and ancient authors to the student, allowing them to criticize and compare to two various schools of thought.

WIRE  
COAL**  
More people now buy it than  
any other Drumheller brand.**CHAPBOOKS with trick "frames"**are easy to take, and fun to  
show. You can get pictures appar-  
ently made through keyholes of  
false planes—and many other novel  
effects.Obtain an ordinary cardboard box.  
It should be about twenty inches one  
way, and eight inches or more the  
other two dimensions. Exact size  
doesn't matter. Cut a hole in the  
middle of one end, a bit larger than  
your camera lens. Cut a large open-  
ing in the opposite end, and over  
"the place a large "keyhole" cut out  
of cardboard (see drawing above).  
It is a good idea to paint the inside  
of the box black, to guard against  
stray reflections.Now, place the box on a firm sup-  
port, such as a table, right through  
the small rear opening, and adjust  
box until it frames the scene you  
want to picture. Line up the camera  
with the rear opening, as shown—  
and take the picture. Use a small  
lens opening, making a "time" ex-  
posure if the light requires it.For other effects, just use a dif-  
ferent cutout, such as those shown  
above. Make cut-outs with simple  
outlines. When you use a make box  
twenty inches long, a cut-out open-  
ing about six inches high or wide is  
usually satisfactory. After your first  
roll of pictures, you can tell if larger  
or smaller marks are preferable.Since the cutout marks are close  
to the lens, they will be somewhat  
out-of-focus and "fuzzy." This helps  
emphasize the fabric, and adds to the  
effect.

If not, answers will be found on  
Page Four1. If you are travelling at 30 mph.  
on a level concrete road, about how  
many feet will your car travel before  
you can stop it?2. When the rear end of the car  
you are driving skids to the right, in  
which direction should you turn the  
front wheels?3. The Detroit police conducted a  
test of two cars over a twelve mile  
course through the city. One driver  
looked many chances and in general  
drove recklessly, to save seconds, the  
other drove sensibly. How much  
time did the "crazy" driver save?4. What is the safest method of  
walking along a rural highway with  
no side path?5. If your headlights appear to be  
weak, where is the first logical place  
to look for trouble?6. Driving on the open highway be-  
hind another car, at the same speed,  
and at a normal distance you desire  
to pass it. What is the least amount  
of time required to pass it, and get  
your line again without having an ac-  
cident with, or interfering with, an  
oncoming car?7. Driving at night with your bright  
lights on you encounter a heavy fog.  
What should be your first action to  
improve visibility?8. For modern, driving speeds  
where is the safest place to put the  
body worn tire?ANS: are said to resemble human

the only creatures which have  
slaves, domestic animals, rubbish  
piles, and which make war with  
mutually enemies. Moreover, an-  
imals and men are the only organisms  
able to adapt themselves to any cli-  
mate, wet or dry, hot or cold. (The  
man has the largest brain, in propor-  
tion to his size, of any creature on  
earth.)**CENSORSHIP REGULATIONS  
OUTLINED IN CANADA**The following statement was made  
in Ottawa recently by W. S. Thomp-  
son, Director of Censorship:Action was taken to withdraw  
microphones from platforms of po-  
litical meetings throughout the Do-  
minion of Canada, during the period  
of the war prior to the announcement  
of a provincial election campaign in  
the Province of Quebec, and the Cen-  
sorship authorities had failed to  
knowledge that such an election was  
contemplated. The Defence of Can-  
ada Regulations were made effective  
on the 29th September, for the security  
defence, peace, order and welfare of  
Canada. Regulation No. 39 says:"No person shall by word of mouth  
"spread reports or make statements,  
false or otherwise, intended or likely  
to cause disaffection to His Majesty  
or to interfere with the success of  
His Majesty's forces or of the forces  
of any allied or associated Powers or  
to prejudice His Majesty's relations  
with foreign Powers, or"spread reports or make state-  
ments, false or otherwise, intended  
or likely to prejudice the recruiting  
training, discipline, or administra-  
tion of any of His Majesty's forces."After a careful review of the sit-  
uation with Colonel R. P. Landry,  
Broadcasting Censor, it was found  
that the radio station management  
had no satisfactory means of pre-  
serving statements (traveling the De-  
fence of Canada Regulations from be-  
ing made when broadcasts were pick-  
ed up from public platforms. It was,  
therefore, decided that during the  
period of war emergency political  
broadcasts should be confined to  
studio broadcasting. The Canadian  
Broadcasting Corporation was asked  
on September 22nd prior to the an-  
nouncement of the Quebec provincial  
election, to inform all broadcasting  
stations in Canada of the decision and  
the reasons for it having been made.The Canadian Broadcasting Cor-  
poration, has since 1926, had the pow-  
er to require the production of in-  
formation to be broadcast before any  
broadcast taken place. The action  
taken was entirely for the purposes  
of ensuring that the Defence of Can-  
ada Regulations were not contravened  
in the heat of political speeches,  
and censorship action will be confined  
to that objective alone.

**ANSWERS TO QUESTIONS ON  
SAFE DRIVING**

Question found on Page Three

1. On the average your car will  
travel 14 feet while you are thinking  
about putting on the brakes, and 28  
feet after you have applied the brake  
a total of 42 feet. Most people  
forget about the "thinking" or re-  
action time.

2. To the right. Always steer in  
the same direction as the skid.

3. The "crazy" driver saved ac-  
cidents 3 minutes, or 15 seconds per  
mile.

4. Walk on the left side, facing  
oncoming traffic. In dusk or dark-  
ness carry something white, wear  
light-colored garments, or carry a  
light.

5. First clean the outside of the  
lenses, second the inside of the lenses,  
third, the bulb, and reticulator. If  
light is still dim, look at your  
battery conditions and wire terminal  
fastenings.

6. Six seconds is the minimum  
stopping time required. However,  
you need some leeway, so you should  
have nine or ten seconds. With this  
knowledge and long practise you  
can learn to avoid being involved in  
this type of accident while passing.

7. Depress your lights.

8. In the ash can. Remember too,  
that even new tires of unusual pres-  
sure can completely nullify the "self-  
equalization" of hydraulic brakes. A  
two-second variation may be vital at  
high speeds.
